

CZ

pushing the advancement and development of the innovations, technology development, entrepreneurship investment and value finance etc... Value-Driven

The Three Parts of Introduction are independent with a few overlaps

1

Part One: CZ The Real Value-Driven Digital Currency  
Revolutionizing Your Expectation (A short Introduction )

2

Part Two: A Detailed Introduction of CZ (Fundamental)

3

Part Three: A Detailed Introduction of CZ (Essential)

# Part One: The Real Value-Driven Digital Currency, Revolutionizing Your Expectation

(A short Introduction)

# I. Amid the big changes in the cryptocurrency community, Air Coin and MLM are in declining stage.

The Change is Brought by a real Value-Driven digital currency. CZ is the forerunner of this revolution! (The cryptocurrency community's future belongs to the real Value-Driven digital currency).

CZ, the real Value-Driven digital currency, promotes the advancement and development of innovation, technology, entrepreneurship investment, Value-Driven finance etc... The price is currently undervalued

## II. CZ, A Worthy Investment, Value-Driven

As a value investment, not gambling, the right cryptocurrency is critical for cultivating the social value and strengthening economic growth. Digital currencies transcend international borders. If it has real value, beneficial to the people and the society, such as the digital currency like CZ, it is worth your attention and worth investing.

Because this cryptocurrency can be easily implemented and adopted by most countries in the world for its favorable effect on the economy, the future valuation of the digital currency is very exciting. The other cryptocurrencies, such as BTC, Air Coin and MLM, are incapable of achieving, which are not well-received by many countries globally. Air Coin and MLM will not be welcomed in the future.

### III. Why CZ is Better than "BTC" :

#### 1. BTC:

BTC is mainly hype and payment transactions, The so-called "mining" wastes huge energy, not to mention the exchange manipulation and other criminal activities, which are the reasons why BTC is unpopular in most countries. Comparing with BTC, CZ is fundamentally different.

#### 2. CZ:

CZ promotes innovation, technology, entrepreneurship investment, and Value-Driven finance, etc., which are also strongly advocated and promoted by the leaders of most countries. CZ is going on in these aspects and has achieved certain results, which are consistent with the value of the most countries and their leaders. Meanwhile, since the innovations, technology development, entrepreneurship investment and Value-Driven finance etc. driven by CZ are also welcomed and awaited by most countries in the world, CZ will smoothly expand to most countries around the world.

IV. Right now, more than 99% of the cryptocurrencies within the entire blockchain industry and the cryptocurrency community are Air Coin/MLM coins; The real Value-driven cryptocurrencies are on only a few.

CZ is a real Value-driven digital currency. It can be expected that CZ will subsequently dominate the entire blockchain and cryptocurrency community, and Sichelschnitt ( Sickle harvest ) the Air Coin/MLM coins. This shows the culture deposits of the real Value-driven digital currency, which is one of many advantages of CZ.

## V. A Short introduction of CZ

CZ is not only a real Value-driven cryptocurrency/high-value cryptocurrency but also a trustworthy financial portal/mainstream portal and financial platform, unicorn with great influence and credibility. Since its establishment, CZ (including the predecessor of CZ) Never recommend any questionable financial product. After years of confirmation, what CZ has advocated has proved to be right, which few others can say the same. Its value-oriented property is the key! CZ has become an influential leader, with immense weight! The full name of CZ is CJZVIPE , CZ Official Website [www.cjz.vip](http://www.cjz.vip)

With 12 applicable scenarios in operation and more scenarios are under development, CZ is pushing the advancement and development of the innovations, technology development, entrepreneurship investment and value finance etc...

VI.

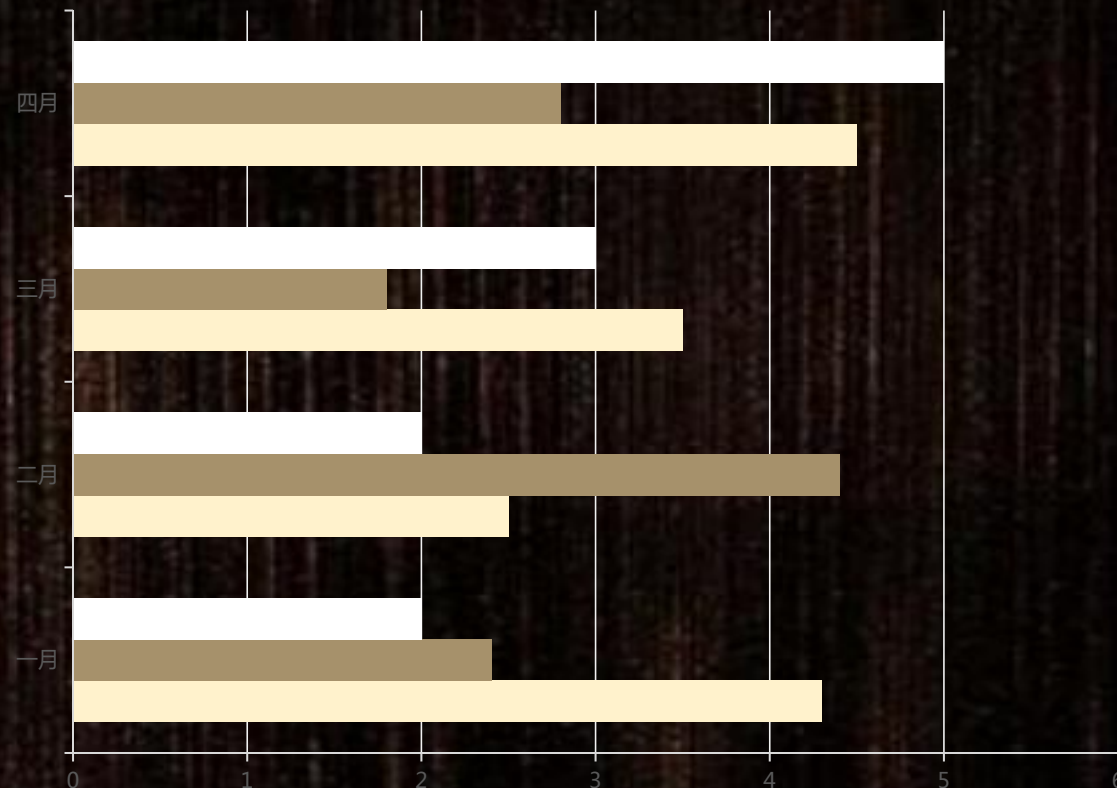

In several fields, some of the particular applicable scenarios of CZ are growing into the world's number one or top independent platform/unicorn (such as technology or innovation platforms), which are all CZ's sub-platforms.

VII:

CZ will be the driving-force to many countries' innovations, technology development, entrepreneurship investment and value finance globally and become a world-class value-oriented cryptocurrency. Simultaneously, it will make huge return through implementing the value-oriented & derivatives internationally.

VIII

The contribution brought by CZ will exceed your imagination, far better than what we have shown. CZ will soon release more surprise. CZ, The Real Value-Driven Digital Currency!

The background is a black field with a fine, dark grid pattern. Two prominent, glowing golden particle trails curve across the frame, one from the bottom left towards the center and another from the top right towards the center, creating a sense of dynamic movement.

## Part Two: A Detailed Introduction of CZ (Fundamental)

CZ The First Value-Driven  
Clustered Applicable Scenarios

## I. What is CZ?

CZ is not only a real value-driven cryptocurrency/high-value cryptocurrency but also a trustworthy financial portal/mainstream portal and financial platform, unicorn with great influence and credibility. Since its establishment, CZ (including the predecessor of CZ) never recommend any questionable financial product. After years of confirmation, what CZ has advocated has been proven to be right, which few others can say the same. Its value-oriented property is the key! CZ has become an influential leader, with immense weight! CZ Official Website [www.cjz.vip](http://www.cjz.vip)

With 12 applicable scenarios and more scenarios are under development, CZ is backing the advancement and development of the innovations, technology development, entrepreneurship investment and value finance etc...

## II. What are the new characteristics of CZ after the brand upgrade? What do they do in practice?

Issuing globally with a limit of 30 million

---

CZ is issued to worldwide users, and the issuing limit permanently caps at 30 million.

---

CZ will provide a value-driven applicable scenario development/operating platform.

---

On top of the exclusive scenarios, CZ will provide a development/operating platform, on which the global developers who focus on the value-driven scenarios can develop applicable scenarios and establish operations.

---

More Applicable Scenarios

---

Accessible for third-party scenarios; close cooperation with the external applicable scenarios, etc..

Exclusive applicable scenarios

---

CZ has established 12 exclusive applicable scenarios (the first value-driven clustered applicable scenarios in the world). At the same time, more scenarios are under development and will be introduced subsequently. It is beneficial to the nation, society, the public, and the world, as well as innovation, entrepreneurship investment, technology development, the end-users.

---

CZ will provide value-driven applications scenarios/infrastructure of world-class and value-driven blockchain platforms.

---

It can be traded, free circulated, collected/invested, spent, etc..

## III: What makes CZ so special?

### 1. Value of Scarcity

---

Issuing globally with a limit of 30 million After the end of the issuance, CZ is no longer issued in the future.

### 2. Value of the System

---

CZ is both a platform and a cryptocurrency. It is, in fact, a system promoting innovation, creativity, technology development, entrepreneurship investment and value-driven finance etc...

### 3. Value of Trading, Circulating, Collecting and Spending

---

CZ can be traded, free circulated, collected, spent. It can be very flexible in satisfying every end-user' s needs.

### 4. Value of Applicable Scenarios

---

CZ has exclusive applicable scenarios, in which CZ is the sole financial tool. At the same time, more exclusive scenarios are under development and will be introduced subsequently. They are globally integrated and furthering the world economy.

On top of the exclusive scenarios, CZ will provide a development/operating platform, on which the global developers who focus on the value-oriented scenarios can develop applicable scenarios and establish operations. At the same time, CZ will access third-party scenarios; close cooperation with the external applicable scenarios, etc...

➤ 5. Value of Honor

The people who hold CZ is of a prestige status. As CZ' s system is further developed and improved, more services will be provided to the holders.

➤ 6. Value of support in innovation, technology development, entrepreneurship investment, finance and CZ' s platform.

The people who hold CZ can receive world-class support in innovation, technology development, entrepreneurship investment , finance and CZ' s platform.

➤ 7. Value of the World Contribution

By holding and using CZ, people are contributing to the world and the betterment of society.

➤ 8. For the detailed value/price and its support of the CZ, Please see "Part Three: A Detailed Introduction of CZ (Essential)" beginning on page 24.

## IV: What are the applicable scenarios of CZ that have been established?

### 12 Applicable Scenarios :

#### 1. Innovation and the World

Innovation is priceless and a key factor in the development of the world. In “Innovation and the world” scenario, the application of CZ can stimulate people's innovation potential, so that everyone's innovative subconscious can be gradually realized. It will make innovation widespread and promote the development of the world.

#### 2. A Supply/Demand of Technology

Technology is dramatically shaping the whole world. Certain needs will bring about certain science and technology research to meet the demand; science and technology will also give rise to corresponding technological applications. However, the actual supply/demand of technology has not been effectively stimulated. Technology scenario will effectively connect and stimulate technological demand and supply around the world through the use of CZ (a financial-driven platform operating globally to connect the technological demand/supply) so that new technology can more effectively serve the countries, the general public, and the world, which will create global technological consciousness and consensus boosting the world economy.

#### 3. Entrepreneurship and Venture Capital

Mass entrepreneurship and innovation is the future, not only domestically, but also internationally. However, there is a strange vicious circle in the entrepreneurship and venture capital industry: promising projects could not find investors, and investors could not find promising projects. It is not scattered cases, but a common situation, quite serious! The causes of the dire situation are many, which have affected the development of the industry. The “Entrepreneurship and Venture Capital” scenario will connect and inspire entrepreneurs and investors through the use of CZ, making the venture capital industry more efficient, and further promoting mass entrepreneurship and innovation!

## IV: What are the applicable scenarios that have been established?

### 4. Everyone has a say in finance

Everyone has his own financial world in mind, yearning to pursue value and show insight! In “Everyone has a say in finance” scenario, people can express their own financial knowledge and learn from other people’s value outlook through the use of CZ; they can show and acquire the financial knowledge they need.

Crowd-funding is a convenient investing and financing method that the general public can easily participate, showing a promising future. The current difficulty is that few high-quality projects can go online on crowd-funding platforms (the various hidden rules of the platforms barred many brilliant crowd-funding projects from going online, and eventually the projects died out). In “Crowd-Funding” scenarios, all the barriers are lifted through the use of CZ, providing a convenient platform for high-quality crowd-funding projects and investors to connect. Thus, every quality crowd-funding project has the opportunity to make a debut.

### 5. Crowd-Funding

### 6. Dedicated On-Site Financial Planners

In “Dedicated On-Site Financial Planners” scenario, people are supported by the power of expertise through the use of CZ. A host of financial experts from all over the world are gathered to provide and share their wisdom.

## IV: What are the applicable scenarios that have been established?

### 7. Mergers and Acquisitions

In "Mergers and Acquisitions" scenario, a platform of domestic and international M&A resources is provided through the use of CZ, to improve the efficiency of resource integration.

### 9. Private Equity

In "Private Equity" scenario, the selected private equities can effectively connect the demand through the use of CZ.

### 11. Institution/Finance/Financial Management

In "Institution/Finance/Financial Management" scenario, a distribution center, financial institutions, investment & wealth management institutions can show their services and products here through the use of CZ.

### 8. Trust Fund

In "Trust Fund" scenario, the selected trusts can effectively connect the demand through the use of CZ.

### 10. I' m Investor

There are too many uncertainties in investment and financial management. In "I' m Investor" scenario, through the use of CZ, each investor can post their own investing and financial management needs, borrowing insights and wisdom and pooling resources to secure and expand the profits.

### 12. Financial Q&A

In "Financial Q&A" scenario, through the use of CZ, people can find the answers for the confusion/ misperception in investing and financial portfolio, value investment, expanding profits, the essence of finance and strategy planning.

## V: A glance of CZ' s future

1. CZ will be the driving-force to many countries' innovations, technology development, entrepreneurship investment and value finance globally and become the world-class value-oriented cryptocurrency. Simultaneously, it will make huge return through implementing the value-driven & derivatives internationally.

3. More Applicable Scenarios. CZ' s platform will become the world's largest value-oriented scenario complex.

On top of the exclusive scenarios, (more world-class exclusive scenarios will be implemented subsequently) CZ will provide a development/operating platform, on which the global developers who focus on the value-oriented scenario can develop applicable scenarios. CZ will become a platform that is one-stop and a combination of development/operation. It is also accessible for third-party scenarios. At the same time, CZ will cooperate with external applicable scenarios.

5. A mature CZ System

CZ system will work with global participants to build a value system that is more mature and with more potential.

2. Multilingual services

Aside from Chinese CZ applicable Scenarios, CZ will soon provide services in most languages around the world, letting most of international users participate.

4. In several fields, some of the particular applicable scenarios of CZ, (exclusive applicable scenarios developed by CZ) are growing into the world' s number one or top independent platform/unicorn, which are all CZ' s sub-platforms.

6. CZ will continually bring you good surprises and fortune!

## VI. Related to CZ

1.

A. The value of a single scenario, a brief analysis: using a scenario one time consumes 1 CZ. The analysis of the scenarios' real value shows the cost of a single high-quality full-service on an authoritative financial platform usually is hundreds of thousands of yuan , which is equivalent to one scenario, and the real market value would be hundreds of thousands of yuan Whereas, the actual cost/value of a single high-quality service, which is to use one CZ' s applicable scenario,Hundreds of thousands of yuan. In other words, each CZ is equivalent to the value hundreds of thousands of , and the current price of purchasing 1 CZ (single use of the scenarios) is at a low level, and the appreciation potential has been reserved.

B. The value of clustered applicable scenarios, a brief analysis: The total volume of CZ is fixed. As the number of scenarios continues to increase, and the value created by the scenarios keep rising, the value of CZ will continue to grow.

C.The value of CZ platform complex, a brief analysis: CZ will become a global value-driven platform focusing on scenario development and operation. At the same time, it will be connected to third-party scenarios and cooperate with external applicable scenarios. The future value of CZ is immeasurable.

2. The analysis of 1A above shows that the current price of CZ is low. Coupled with 1B and 1C, with the development of CZ and its value rising, the value will increase significantly in the future.

3. If you still have any doubts or you expect the value to be higher, more extensions of CZ will be released in the future (due to trade secrets, the document is not shown), which will certainly clear all your concerns. The contribution brought by CZ will exceed your imagination, far better than what we have shown. CZ will soon release more surprise! CZ, Value-Driven!

## Part Three: A Detailed Introduction of CZ (Essential)

# Part Three: A Detailed Introduction of CZ (Essential)

## I. CZ

CZ is not only a real value-driven cryptocurrency/high-value cryptocurrency but also a trustworthy financial portal/mainstream portal and financial platform, unicorn with great influence and credibility. Since its establishment, CZ (including the predecessor of CZ) never recommend any questionable financial product. After years of confirmation, what CZ has advocated has been proven to be right, which few others can say the same. Its value-oriented property is the key! CZ has become an influential leader, with immense weight!

- 4) CZ Official Website [www.cjz.vip](http://www.cjz.vip)

### III. Where is CZ' s Value Come From?

1, CZ promotes innovation, technology, entrepreneurship investment, and value-driven finance, etc., which are also strongly advocated and promoted by the leaders of most countries. CZ is going on in these aspects and has achieved certain results, which are consistent with the value of the most countries and their leaders. Meanwhile, since the innovations, technology development, entrepreneurship investment and value-driven finance etc. driven by CZ are also welcomed and awaited by most countries in the world, CZ will smoothly expand to most countries around the world.

#### 2. The Value of CZ' s influence and credibility

CZ is not only a real value-driven cryptocurrency/high-value cryptocurrency but also a trustworthy financial portal/mainstream portal and financial platform, unicorn with great influence and credibility. Since its establishment, CZ (including the predecessor of CZ) never recommend any questionable financial product. After years of confirmation, what CZ has advocated has proved to be right, which few others can say the same. Its value-oriented property is the key! CZ has become an influential leader, with immense weight!

### 3. The Value of Applicable Scenarios :

CZ currently has 12 applicable scenarios, and the number will expand to 10s of thousands or even 100s of thousands scenarios. Aside from the scenarios developed by us, CZ will open to third-party developers who can join CZ' s platform to develop applicable scenarios. CZ will also cooperate with other application scenarios, adopt multi-mode cooperation with others

In several fields, some of the particular applicable scenarios of CZ are growing into the world' s number one or top independent platform (such as technology or innovation platforms), which are all CZ' s sub-platforms.

CZ' s platform will introduce more language versions and will be implemented in most countries of the world.

4. The Price (Some contents overlap with the above. It is for the purpose of explaining the price clearer)

CZ, Value-Driven. The current price is low, and the appreciation potential has been reserved.

CZ is a trustworthy financial portal/mainstream portal and financial platform, unicorn with great influence and credibility both domestically and globally. Its value-oriented property is the key! Currently, the market value of a single full-service of CZ' s scenarios is hundreds of thousands of yuan. Providing the full-service once corresponds to the consumption of 1 CZ. In other words, 1 CZ is equivalent to the value of hundreds of thousands of yuan.

As CZ' s applicable scenarios keep expanding, accessing to third-party scenarios and cooperating with external applicable scenarios, the value of CZ will continue to increase. Its influence will also increase. In the foreseeable future, the value of the single-use of CZ' s scenarios full-service will be much higher and the value increase potential is going to be more substantial. These are real values that can be seen with your own eyes.

## IV. Why is CZ Better than BTC?

### 1. BTC:

BTC is mainly hype and payment transactions, The so-called "mining" wastes huge energy, not to mention the exchange manipulation and other criminal activities, which are the reasons why Bitcoin is unpopular in most countries. Comparing with BTC, CZ is fundamentally different.

### 2. CZ:

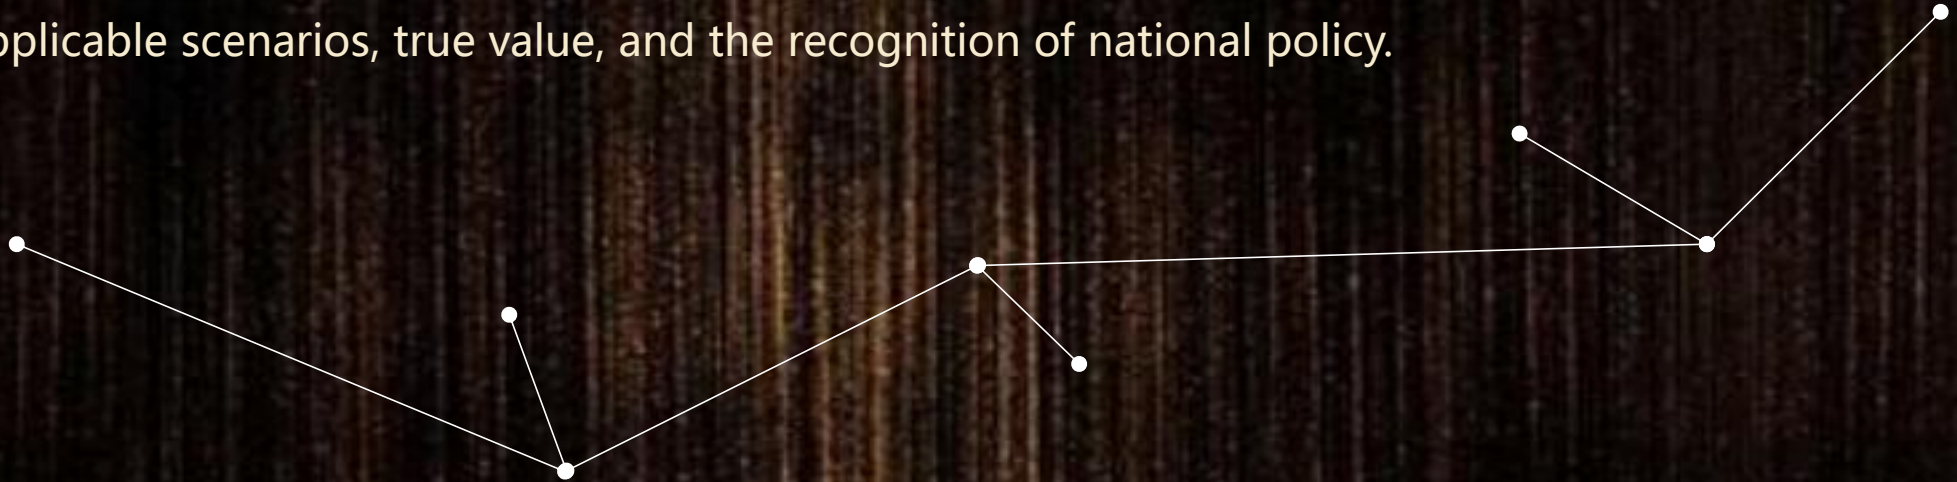

CZ promotes innovation, technology, entrepreneurship investment, and value-driven finance, etc., which are also strongly advocated and promoted by the leaders of most countries. CZ is going on in these aspects and has achieved certain results, which are consistent with the value of the most countries and their leaders. Meanwhile, since the innovations, technology development, entrepreneurship investment and value-driven finance etc. driven by CZ are also welcomed and awaited by most countries in the world, CZ will smoothly expand to most countries around the world.

## V. CZ and Miscellaneous

CZ has users/members, communities, usage traffic, strong financial influence and credibility, applicable scenarios, true value, and the recognition of national policy.

## VI. Does CZ Fall Within the Support of Government Policies?

CZ belongs to an innovative industry. The country's leadership strongly promote innovation, technology, entrepreneurship, value-driven finance. CZ's undertaking and achievements, such a positive influence, certainly contribute to society, because CZ is such an invigorating force, which is praised by the whole nation and the whole world. It falls within the support of government policies and the national leaders.

## VII. The Market Value of CZ

1. First and foremost, CZ is a global cryptocurrency. CZ' s platform will be established in most countries in the world. The number of buyers, followers, and users are enormous, enough to support CZ at the value of hundreds of thousands of yuan (of each CZ).

2. CZ' s applicable scenarios will expand to 10s of thousands or even 100s of thousands scenarios. Aside from the scenarios developed by us, CZ will open to third-party developers who can join CZ' s platform to develop scenarios. CZ will also cooperate with other applicable scenarios, adopt multi-mode cooperation with others.

In several fields, some of the particular applicable scenarios of CZ are growing into the world' s number one or top independent platform, which are all CZ' s sub-platforms.

CZ has an enormous number of applicable scenarios, which cover many people, industries and investors, enough to support CZ at the value of hundreds of thousands of yuan (of each CZ).

3. Diamond suppliers have currently contacted us, hoping to build cooperation with CZ. They want to link their diamonds with CZ in some aspects to enhance their sales. It will further strengthen the value and recognition of CZ, and the base (number) of people who accept, buy, and invest in CZ will once again rise dramatically.

Diamond suppliers are just one of many companies that have contacted CZ. Many companies in various industries have already contacted CZ, expressing their intention to develop a strategic partnership with CZ (there will be many in the future). CZ' s value-oriented property is the key to promote their business and product and to form a win-win situation with CZ! The value of CZ will again increase!

4. As CZ grows, the big capitals, consortia would not let go of CZ, for it is such a rare opportunity. After these big capital going in, first, the value of CZ will rise again, and second, they will push CZ' s development to another level.

In summary, CZ, at the value of tens of hundreds of thousands of yuan, is supported by loads of capital and massive crowds, which is CZ' s indestructible foundation. With the steady/strong enhancement of a series of advantages, the value of CZ will be much higher!
