

VCW

VCW, 10-year unicorn! connects all things in the world! value driven! value coin!

I. Amid the big changes in the cryptocurrency industry, Air Coin and MLM Coin are in declining stage.

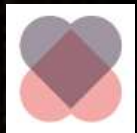

The Change is Brought by a real Value-Driven digital coin. VCW is the forerunner of this revolution! (The cryptocurrency industry's future belongs to the real Value-Driven digital coin).

VCW, connects all things in the world, value-driven!
The real value coin!

VCW, the real value coin, promotes the progress and development of innovation, science and technology, entrepreneurship investment, value-based finance, etc., and achieves results.

II. VCW, A Worthy Investment, Value-Driven

As a value investment, not gambling, the right cryptocurrency is critical for cultivating the social value and strengthening economic growth. Digital currencies transcend international borders. If it has real value, beneficial to the people and the society, such as the digital currency like VCW, it is worth your attention and worth investing.

Because this cryptocurrency can be easily implemented and adopted by most countries in the world for its favorable effect on the economy, the future valuation of the digital currency is very exciting. The other cryptocurrencies, such as Air Coin and MLM Coin, are incapable of achieving, which are not well-received by many countries globally. Air Coin and MLM Coin will not be welcomed in the future.

III. What is VCW ?

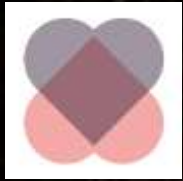

VCW, the true value coin! 10-year unicorn! connects all things in the world! value driven!

VCW, affiliated with a 10-year-old established unicorn EHZ, is the auxiliary coin of all levels, systems and ecosystems of EHZ.

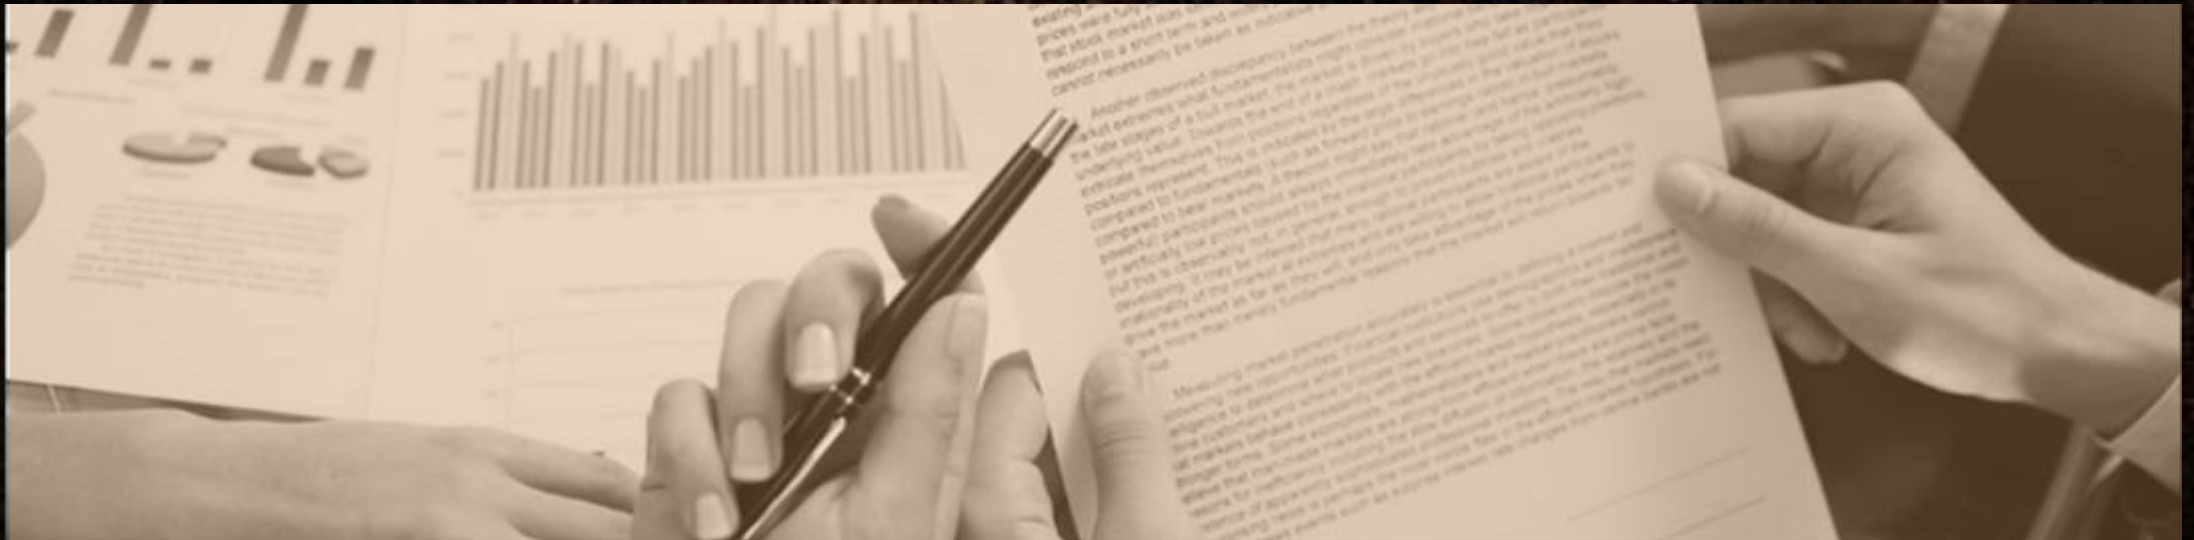

At the same time, VCW is the value coin, auxiliary coin, element coin, and universal coin that connects all things in the world; driven by value! VCW, a value-driven infrastructure. The use of VCW is extremely broad, and everything that exists in the physical world and the digital world, etc., can be connected and used with VCW. Every entity in the world, from large cities, businesses, and industries, to a single product, an apple, and so on, can use VCW for value-driven progress.

VCW is a historic milestone in value connection and value driving all things in the world.

The future and direction of the digital coin industry is the true value coin that can create and provide positive energy value. VCW, the true value coin!

IV. At present, there are only a few real value coins in the world, and you can count them on ten fingers; there is no value coin in the world that connects all things in the world. What VCW does is to connect everything in the world with value coins, and it is value-driven.

And the value coin VCW connects all things in the world, and value drives all things in the world. It is very important for the global historical process and the benefits to the people of the world. This will be a historical milestone!

V. What inspired the creation of VCW?

At present, there is no value currency in the world to connect all things in the world, and there is no global value-based infrastructure, which is one of the important reasons for the creation of VCW. What VCW does is to connect all things in the world with value coins, and the value infrastructure is a thing.

Innovation, science and technology, entrepreneurship investment, venture capital, value-based finance, value-based projects/applications, value-driven and positive energy are the direction of global development in the future and the trend of the times, which is the second reason for the creation of the VCW project.

VCW is a 10-year-old unicorn in the mainstream social project, and has been promoting the progress and development of innovation, science and technology, entrepreneurship investment, value-based finance, value-based projects/applications, etc. for ten years, and has achieved results! VCW has great influence, authority and credibility in the mainstream society and internationally!

At the same time, VCW, Value Coin connects all things in the world!

VI. What is VCW's vision?

Long-term vision:

- 1) VCW is both an auxiliary coin of EHZ and an independent digital coin. It is a value coin and a universal coin that connects all things in the world.
- 2) The veteran unicorn, which has been in operation for 10 years, will continue to operate for a long time. Promote the progress and development of innovation, science and technology, entrepreneurship investment, value-based finance, value-based projects/applications, etc.!
- 3) VCW will promote the value-based development of all things in the world.

VCW is the value coin, auxiliary coin, element coin, and universal coin that connects all things in the world; driven by value! VCW, a value-driven infrastructure. The use of VCW is extremely broad, and everything that exists in the physical world and the digital world, etc., can be connected and used with VCW. Every entity in the world, from large cities, businesses, and industries, to a single product, an apple, and so on, can use VCW for value-driven progress.

- 4) VCW will develop into a global supergiant, with business covering most countries and many industries around the world.

VII. What is the working principle of VCW? What is its main function?

1. Working principle: value-driven

2. Main functions:

1) VCW is the value coin, auxiliary coin, element coin, and universal coin that connects all things in the world; driven by value! VCW, a value-driven infrastructure. The use of VCW is extremely broad, and everything that exists in the physical world and the digital world, etc., can be connected and used with VCW. Every entity in the world, from large cities, businesses, and industries, to a single product, an apple, and so on, can use VCW for value-driven progress.

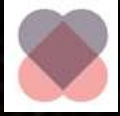

2) VCW is not only an auxiliary coin of EHZ, but also an independent digital currency.

3) VCW, a veteran unicorn that has been in operation for 10 years, will continue to operate permanently. VCW has been promoting the progress and development of innovation, science and technology, entrepreneurship investment, value-based finance, value-based projects/applications, etc. for several years! And get results.

4) There are many uses of VCW, in addition to the VCW introduced in Article 1 to connect all things in the world, please refer to the "VCW series introduction 2" document for details of other uses of VCW. Where EHZ can be used in the document, VCW can also be used, and there are 9 major items in the use of the document. There are many smaller uses that can be derived from each major item.

IX. VCW Partnerships

1. VCW will welcome all partners!

2. VCW will place large LED brand advertisements (80 meters wide + 6.5 meters high) in the world's well-known technology core areas for one month, and will continue to place them at designated times in the future, representing that VCW belongs to the mainstream financial market and mainstream society. In the future, VCW will deepen and thrive in three markets:

1) Digital currency market

2) Mainstream financial market

3) Mainstream society

3. VCW has established contact with a world-renowned investment institution and market maker. After the second CEX exchange is listed, this investment institution will start VCW investment and will promote and publicize VCW globally.

VCW has received listing contracts from multiple well-known CEX exchanges and is ready to go public at any time.

VCW has established contact with many promotion agencies and Kols. After the second CEX exchange is listed, it will carry out all-round promotion.

4. VCW will gradually start to cooperate with many world-class brands.

With two possible scenarios and two scenarios, the development of VCW is pushing the development of the innovation of the blockchain.

X. What is value?

"Value" represents "beneficial, virtuous cycle, positive energy, and positive promotion."

Value means that if VCW is connected to a thing, then through the value drive of VCW, this thing will make healthy progress and development, which will have a beneficial impact on the thing itself. At the same time, this benefit is not only beneficial to the development of the thing itself, but also beneficial to society, the country, and the people, that is, healthy and beneficial development.

The value of VCW connects everything in the world, which is beneficial to the country, the people, the society, the national leaders, the investors, and everything in the world. VCW is beneficial to them and everyone, and VCW will be smoothly expanded to most countries in the world and everything in the world. VCW's user base and users are very large.

VCW is the value coin, auxiliary coin, element coin, and universal coin that connects all things in the world; driven by value! VCW, a value-driven infrastructure. The use of VCW is extremely broad, and everything that exists in the physical world and the digital world, etc., can be connected and used with VCW. Every entity in the world, from large cities, businesses, and industries, to a single product, an apple, and so on, can use VCW for value-driven progress.

XI. Who are VCW's main competitors?

VCW has no major competitors. VCW is value-driven, not air-coin-driven. VCW and air-coin are not on the same level.

If we must compare it with a digital currency, it is XRP. The total amount of XRP is 100 billion, and the current price is around 2USDT.

I believe that VCW will develop better than XRP in the future. Because we can do what XRP can do, and VCW will also do many things that XRP cannot do, and will do them very well. VCW's users and market are much broader than XRP. VCW is aimed at people, enterprises, capital, institutions, etc. in most countries around the world, and at the same time, it is aimed at everything in the world.

XII. What is VCW's target market? What is VCW's approach to reaching the target market?

The target market is the global market, including enterprises, people, institutions, capital, etc. in most countries in the world, as well as all things in the world. The VCW user base is very huge.

Strategies to reach them:

1.

Because VCW is beneficial to the country, the people, the society, the national leaders and the investors for most countries in the world. Since VCW is beneficial to them, they will welcome the contact.

VCW promotes the progress and development of innovation, science and technology, entrepreneurship investment, value-based finance, value-based projects/applications, etc. Value-driven!

2.

VCW is the value coin, auxiliary coin, element coin, and universal coin that connects all things in the world; driven by value! VCW, a value-driven infrastructure. The use of VCW is extremely broad, and everything that exists in the physical world and the digital world, etc., can be connected and used with VCW. Every entity in the world, from large cities, businesses, and industries, to a single product, an apple, and so on, can use VCW for value-driven progress.

VCW's beneficial drive and attributes to connect everything in the world will easily and quickly connect everything in the world. Because of the characteristics of the subsequent VCW value-based infrastructure, everything in the world will also actively connect to VCW.

XIII. What is VCW's marketing and promotion plan?

- 1. VCW will display VCW's large brand advertisement (80 meters wide + 6.5 meters high) in the world's well-known core technology areas.
- 2. VCW's official website itself belongs to the authoritative financial portal/mainstream portal/value platform! Value-based complex! It is highly influential, credible and authoritative internationally! It can bring continuous exposure to VCW digital currency in the world.
- 3. VCW will be displayed and promoted on some cryptocurrency websites and communities in the future. Including promoting VCW value coins on some affiliate websites that charge by clicks.
- 4. VCW connects everything in the world. With the beneficial attributes of VCW and the characteristics of value-based infrastructure, everything in the world will actively connect to VCW. VCW's value and beneficial reputation will automatically and quickly form viral transmission among everything in the world.
- 5. With the in-depth development of EHZ in most countries in the world, VCW will also follow the in-depth promotion and display all the way around the world.
- 6. VCW's many global partners will also promote VCW in the future.
- 7. VCW will implement all-round and three-dimensional marketing promotion around the world in the future. At the same time, VCW welcomes all kinds of marketing partners and marketing plans to work with us to promote VCW.

XIV. VCW's market and user base:

VCW's market is a global market, a market for everything in the world, and it is very huge.

(The VCW market includes enterprises, people, institutions, capital, things, etc. in most countries around the world. At the same time, the VCW market is also the world's market for all things. The VCW user base is huge.)

VCW will smoothly expand to most countries around the world and has a huge user base.

VCW is a real value currency, a value infrastructure, which promotes the development of innovation, science and technology, entrepreneurship investment, value finance, value projects/applications, etc., and is value-driven, so it is welcomed, needed and expected by most countries around the world. For the national leaders, society and the people, VCW brings beneficial values (benefiting the country and the people, benefiting the society and the holders, and benefiting all things in the world), which has played a positive role in promoting and generating positive energy. As a result, VCW can be smoothly expanded to most countries around the world.

As VCWs bring beneficial value to most countries, people, and everything in the world around the world, they expect, accept, support, need, and seek VCWs. The people, capital and enterprises of most countries in the world, as well as everything in the world, constitute a very large user base of VCW.

In the future, VCW will develop into a global supergiant.

XV. VCW Roadmap:

Roadmap/Key Milestones to be Achieved by VCW over the Next 3, 6 and 12 Months, Starting in April 2025:

3 months:

1. VCW strives to be listed on 3 to 5 CEX exchanges.
2. When the value coin (value infrastructure) EHZ is listed on the exchange, the price of EHZ will once again significantly increase the price of VCW.
